NUMBER 27

TO OUR READERS.

The Herald has just added several hundred dollars' worth of material to its equipment, including a \$1419 Gordon job press and a good assortment of job type. Not only does this enable us to fill orders for job printing, but also places us in a better position to publish a larger and more creditable paper. We make this addition to our plant with gratification in this part of Alberta and Ponoka and in the belief that the people with which this section is settled appreciate and will support a good local paper. During the nine months that the present proprietor has been in charge of the HERALD we have been favored with a liberal patronage and encouragement from the majority of business men and residents of Ponoka. Not only have we had this support but we have been shown the good will of the people at large which is in a large measure indispensable to the success of any local newspaper, and which we hope to merit in the future. The HERALD is a permanent institution; it has come here to live and labor for the interests of Ponoka and this section of the District. Our advertising columns will be found to be a good investment for business men who are not at present making use of them. Our subscription list is steadily growing and we hope to soon have the paper read in every family around Ponoka. If our suggestions warrant it we hope to soon enlarge our paper to almost double its present size. However, to do this will require such additional expense and it cannot be done without the co-operation and aid of the people. We most cordially solicit your subscription and a prompt remittance by the few who are now in arrears. Faithfully,
THE EDITOR.

Last Saturday's issue of the Edmonton Post devoted a considerable space in its editorial columns to a resident of Ponoka. The article was called forth by the fact of the honorable sheriff at Edmonton requesting the Ponoka man to submit his bid for the execution of C. B. Bullock on the 25th inst. which request was complied with. With all the respect for our worthy contemporary, the HERALD stands opposed to the Post's unwarranted attack. We are opposed to holding any man up to public ridicule without just and sufficient cause. We cannot speak for the reputation of Capt. Binkley as an executioner, but being requested by the sheriff and having confidence in his ability to execute the unpleasant task of ridding the world of a criminal doomed and sentenced to death by the highest court in the land, we claim he has the perfect right to accept the offer if he sees fit.

Village Meeting.

There was a good representation of the village ratepayers at the special meeting called by Overseer Courtwright Monday night. The licenses of shows, traveling troupes and fakirs were voted at \$2 to \$10 at the discretion of overseer. C. L. Reid, J. W. O'Brien and E. C. Price were chosen as a committee to draft by-laws and present at the meeting on April 7. Geo. Sellar, L. B. Matsch and Cook Myer were elected as an advisory committee on streets and alleys. E. C. Price, A. L. Ball, J. W. O'Brien, J. M. Bird and J. D. McGillivray were appointed advisory committee on sidewalks. Eugene Rhian was elected secretary of the village for the ensuing year. It was voted to have the by-law committee draft by-law requiring all dogs kept in the village to be properly tagged. The salary of the overseer was fixed at \$85 for the ensuing year.

Agricultural Institute Meetings.

Realizing the importance of disseminating information and instruction for the benefit of the farmers, the territorial department of agriculture has undertaken an elaborate series of meetings to be held under the auspices of the various agricultural societies, which will be addressed by expert agriculturists and authorities upon the various departments of agricultural work. These meetings will be held throughout the country during February and March and it is hoped that farmers and others interested in improved methods of agriculture and animal husbandry will take hold and make the meetings a success. In this district meetings will be held as follows:

Lacombe March 22, at 2 p. m. to be addressed by T. N. Willing, Territorial Weed Inspector, D. Anderson, one of the leading institute lecturers in Ontario, and D. Brennan, of Indian Head, whose specialty is lucan production on a large scale. He has with him charts showing the most profitable types of hogs to raise. The government's new system of hail insurance will be explained and discussed. The farmers should paste these dates in their hats and make it a point to attend.

WHITE NAME AND ADDRESS PLAINLY.

There is a thing like Asthma's, bring a instant relief. You in the worst case. I cure you all else. T. E. R. C. E. V. V. I. L. L. S. of Villages. I say: You a bottle of Asthma Cure. I lived in good condition. I come tell you how I thank I feel for the good derived from it. I was a slave, chained with painful work and all asthma. I destroyed of everything cured. I saw your advertisement (or the cure of this dreadful and tormenting disease, Asthma, and thought, "I will have over my own medicine, but I was too late to try it. I feel my astonishment the trial said like a slave, but not a slave, freed bottle."

Rev. Dr. Morris Wechsler, Rabbi of the Cong. B'nai Israel, New York, January 3, 1901.

DR. TAYT BROS. MEDICINE CO. Gentlemen: Your Asthma medicine is an excellent remedy for Asthma and Hay Fever, and its composition is a relief to me which combine with Asthma. I have been suffering with Asthma for many years, and I feel that I can state that Asthma medicine contains no opium, morphine, chloroform, or other. Very truly yours, REV. DR. MORRIS WECHSLER.

Avon Springs, N. Y., Feb. 1, 1901.

DR. TAYT BROS. MEDICINE CO. Gentlemen: I write this testimonial from a case of duty, having tested the wonderful effect of your Asthma medicine for the cure of Asthma. My wife has been afflicted with spasmodic asthma for the past 12 years. Having exhausted my own skill as well as many others, I have decided to try your Asthma medicine. I have since obtained a bottle of Asthma medicine. My wife commenced taking it about the first of November. I very soon noticed a radical improvement. After using one bottle her asthma was completely cured and she has been free from any symptoms. I feel that I can confidently recommend the medicine to any who are afflicted with this distressing disease.

O. D. FIELDS, M. D.

DR. TAYT BROS. MEDICINE CO. Gentlemen: I was troubled with Asthma for 22 years. I have been numerous remedies, but they have all failed. I ran across your advertisement and decided to try a trial bottle. I found relief at once. I have now purchased your full sized bottle and am very grateful. I have found relief from my asthma for six years now. I am now in the best of health and doing business every day. This testimony you can make use of as you see fit. At the home of her son, four miles south of Ponoka, February 23, 1902, at about 10 o'clock.

Deceased was born March 16, 1827, near Leamington, Ireland. At the age of 16 she was married to George Parks, her maiden name being Catherine Ritchie. In 1840

Sixteen days before her death she came to Alberta with four children, one daughter-in-law and one son-in-law to join her eldest son, who had been some months ago, leaving one son in Nebraska and one daughter in Iowa. The funeral was conducted by Rev. Blair and interment made in the Ponoka cemetery.

Influence of Food.
 "What do you think of the theory that food has a potent influence in determining character?" asked Mr. Smith, as he put three pounds of sugar in his coffee.
 "I guess it's all right," replied Mr. Wool as he served a portion of his beefsteak. "It always seems to me that a man's character is as much determined by what he eats as by what he does."
 "Well," returned Mr. Smith, "I don't think it's all right to eat so much sugar. It was dangerous to lend you money after I discovered your fondness for sweets. But, seriously, if there was anything in the theory, wouldn't it make a man sheepish to eat meat?"
 "It would, and priests ought to restrict themselves to a diet of scraps," Pittsburgh Gazette.

His Private Opinion.
 Little Willie—Pa, is it true that a man converted against his will is of the same opinion as still?
 "Yes, I guess so, my son."
 Little Willie—And does it apply to women also, Pa?
 "Certainly not, Willie. It is simply impossible to convince a woman after she is converted."—Chicago News.

D. V. Osborne returned Wednesday from British Columbia.

DeWight says all is not pleasure in a B. C. lumber camp.

F. C. Case is having a smoke house erected, and will shortly be able to supply the market with all kinds of cured meats.

J. B. Eschmann, Calgary, was attending to the ailments of the musical instruments in the village and vicinity this week.

Wm. M. Jones has purchased the lot west of the schoolhouse formerly owned by Haskell Herrington and will soon erect a residence on the same.

Hugh Miller, who has been carpentering at Edmonton the past summer, has returned here and is now building on his homestead west of Ferrybank.

The Presbyterian church was crowded beyond its seating capacity Sunday morning. The need of a new building is becoming more and more pressing.

"Springtime Cometh, Gentle Annie." March is a spring month and almost before we realize it we shall have passed through another mild Alberta winter.

S. B. Robinson came up from Calgary Tuesday, badly crippled up with influenza. He is yet unable to walk but it is hoped that a few days rest and quiet will bring him out all right.

Should the old proverb prove true we may expect some cold weather the last of the month. Saturday, the initial day of the month, was an ideal spring day, our thermometer registering as high as 92 above zero in the sun.

C. A. Croker and son, H. A., of Hastings, Ont., last week purchased five acres of land of W. S. Fisher adjoining the townsite and Simington & Delton will at once begin the erection of a residence thereon. They have also homesteaded near Buffalo Lake. Mr. Croker, Sr., will move here in April.

Through an oversight the Herald failed to mention the horticultural meeting of Mrs. J. P. Horn some two weeks ago. For the past several weeks she has been at Brandon looking medical treatment and her numerous friends here are pleased to know of her complete recovery. They are now housekeeping in their home on Chipman ave.

Winter picnics are a little out of the ordinary, even in Alberta; yet on Tuesday of last week a party in the Wing neighborhood took their dinner with them to the edge of a beautiful spruce grove and there under the canopy of heaven on the 25th day of February enjoyed all the pleasures of a June picnicking party.

W. E. Turner and W. R. Courtright have each received a large shipment of farm implements for the spring trade. And by the way, it may not be out of order for us to remark for the benefit of incoming settlers that farm implements and machinery may be purchased from our dealers to better advantage than they can be purchased elsewhere and shipped in.

James Wynn, immigration agent at Calgary, spent a day in Ponoka the first of the week. He was here to make some more satisfactory arrangements for taking care of the immigrants. He is expected to erect a building to be utilized as an immigration hall, but there being none available the tents will have to suffice for another year. What Ponoka wants and needs is an immigration hall built and owned by the government.

Our correspondence is unavoidably crowded out.

A dance was arranged on short notice in the McGillivray hall Friday night.

W. J. Daa went to Calgary Sunday and tendered his resignation as manager of the Royal Hotel, and a new manager will assume charge April 1.

The Gervais, who have met with the approval of Ponoka audiences in the past, will give an entertainment in the school house hall on the evening of the 22nd.

Speckman this week sold a fine McClary steel range to Wm. Laan. Laan's friends are wondering why a confirmed old bachelor should invest in such a stove, while already some of our fairer sex are envious of an opportunity to cook on it.

The social Thursday evening of last week under the auspices of the Christian Endeavor was a pleasant affair for those present. The literary program was well arranged and ably rendered by all taking part. Refreshments were served after the program.

At Rest.
